

Join us for a public meeting on

**Wednesday, June 5, 2019, 10:00 a.m. to 12:00 p.m.
in the Police Department Training Room
at the Northbridge Police Department Building, 1 Hope Street**

The Town of Northbridge will host a public meeting to discuss our work on a Complete Streets Prioritization Plan. The Town and our consultant team, Howard Stein Hudson, will give a presentation on the Complete Streets Program and gather feedback from the community.

Complete Streets are those that provide safe and accessible options for all travel modes - walking, biking, transit, and vehicles - for people of all ages and abilities. The Complete Streets Program is a MassDOT funded initiative to help municipalities make infrastructure improvements on municipally owned roadways to better serve all users.

The Town of Northbridge has started work on a Prioritization Plan, which will rank viable projects - ***community input is a vital part of the development of this plan.***

Come learn about the program, and give us your ideas and visions for safe and accessible transportation for people of all ages and abilities - walking, biking, taking transit, and driving.

Can't make the meeting? Submit ideas and comments online:
