Title 5 CMR 15.02 states that a Disposal Works Installer's License may be revoked for cause by the Board of Health. I understand that any repair of an existing septic system or any installation of a septic system cannot be done without plans which are approved by the Board of Health and without a Disposal Works Construction Permit signed by the Board of Health. I understand that any installation or repair of a septic system must fully comply with the approved plan and that if conditions different than those set forth in the plan are found prior to or during construction, I must notify the Board of Health. I understand that the Board of Health is requiring strict adherence to Title 5 and its additional rules and regulations concerning the subsurface disposal of sanitary sewage. I understand that this Installer's License has been issued to me as an individual and is not transferable.
