MEMO

To: Northbridge Board of Selectmen; James R. Marzec, Chairman;
Theodore D. Kozak, Town Manager
From: Northbridge Board of Assessors
Date: November 21, 2016
Re: Classification Hearing

Chapter 40, Sec.56 of the Massachusetts General Laws requires that the Selectmen hold an annual public meeting to determine the percentages of the local tax levy to be borne by each class of property. This is referred to as the Tax Classification Hearing.

The information contained in these handouts are intended to provide the Board of Selectmen with the information necessary to determine the selection of a Residential Factor, as well as options pertaining to residential and small business exemptions available under Massachusetts General Laws. The decision of the Board must be submitted to the State's Department of Revenue on Form LA 5.

There are three options available for the distribution of taxes.

(1) Selection of a Residential Factor (Split Tax Rate):

The Board of Selectmen has an option to select a residential factor of "1" or less. If a factor of "1" is adopted, there would be a single tax rate for all residential, commercial, industrial and personal property. If a factor of less than "1" is adopted, there will be a shift from the residential property class to the commercial, industrial and personal property classes.

(2) Selection of a Residential Exemption:

The Board of Selectmen may adopt a residential exemption of up to 20% of the average assessed value of all properties other than commercial, industrial and personal property. The properties must be owner occupied. All properties falling below the town average would have a reduction in taxes. Properties assessed above the town average would have a higher tax rate as well as residential non-owner occupied properties and unimproved land.

(3) Selection of a Small Commercial Exemption:

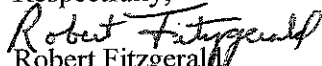

A small commercial exemption also may be adopted by the Board of Selectmen. Any business operating as of January 1, 2016, with less than ten employees and having a total assessed value of less than one million dollars would be eligible. The savings of the eligible taxpayers will be borne by the commercial and industrial properties that are ineligible as well as vacant commercial and industrial parcels.

The proposed tax rate, pending approval by the Department of Revenue, should be:

Tax Rate = Levy \$20,945,285 / Taxable Value \$1,547,544,490 = .01353 x 1,000 = \$13.53

The levy amount may change once all the forms are completed and approved, thereby changing the tax rate by a small amount. This is a decrease of \$.22 per thousand from FY 2016.

Respectfully,

Robert Fitzgerald
Principal Assessor

TOWN OF NORTHBRIDGE

Election Modernization Coalition Awards Early Voting Medals at State House

TM Refert
H2

BOSTON— October 19, 2016 – On the eve of Massachusetts' first experience with early voting, beginning October 24th, the Massachusetts Election Modernization Coalition today honored 201 of the state's 351 municipalities with Gold and Silver Medals for offering voters substantial early voting options.

"We are thrilled that so many communities have stepped up to go beyond the minimum required by law and are offering evening and weekend early voting hours," said Pam Wilmot, executive director of Common Cause Massachusetts during a Coalition press conference and 'medal ceremony' at the State House. "Early voting promises to shorten long lines at busy polling places, improve the voting experience, and give Massachusetts citizens more opportunities to participate in democracy," she said.

The Coalition campaigned for passage of the 2014 Election Modernization Law that established early voting and other reforms. Last fall, it launched the **Early Voting Challenge** to encourage municipalities to go beyond the floor set by the law (one location operating during business hours) and meet the Coalition's recommended standards, based on a Common Cause report on best practices from other states.

"The League of Women Voters of Massachusetts is proud to have worked with this coalition to bring robust early voting to Massachusetts," said Meryl Kessler, executive director. "And we are inspired by all of the cities and towns who went above and beyond the minimum requirements of the early voting law to ensure that voters throughout the state will have a convenient, flexible, and positive voting experience in 2016."

The Coalition awarded Gold Medals to 34 communities that offer one early voting site for every 35,000, at least two evenings of weeknight voting for each week in the early voting period, and six or more hours of weekend voting. 167 municipalities earned the Silver Medal for offering an adequate number of sites, at least one weeknight of evening voting each week in the two-week early voting period, and four or more hours of weekend voting. Towns under 10,000 people qualified with three hours on the weekend.

"Today we celebrate the cities and towns that have embraced early voting," said Rahsaan Hall, director of the Racial Justice Program at the ACLU of Massachusetts. "We believe that voting is the cornerstone of our democracy and the fundamental right upon which all our civil liberties rest. By increasing access to the polls through early voting we ensure that as many citizens as possible have a voice in the preservation and growth of our democracy. Communities with significant numbers of people of color, people living under the poverty threshold and English language learners, who have been historically underrepresented in electoral politics, will benefit the most from this very necessary modification of our voting practices."

Sophia Hall, staff attorney for the non-profit legal organization, the Lawyers' Committee for Civil Rights and Economic Justice echoed the sentiment. "The Lawyers' Committee's mission is to provide a safeguard for the civil, social and economic liberties of residents throughout the Commonwealth. On behalf of the communities of color and low-income communities that we serve

who disproportionately utilize early voting, we applaud each awardee for their efforts to expand access to the ballot box," she said.

Cheryl Crawford of MassVOTE added, "MassVOTE was founded to fight for political, racial and economic equality with a mission to increase voter turnout, modernize election laws and engage the next generation. We have been working to address these challenges by educating residents on early voting, and convincing others to become more civically engaged in this critical program."

Beth Huang from the Massachusetts Voter Table said that early voting will, "help make the voices heard of the Rising Massachusetts Electorate, especially in communities of color and among low-income people, young people, women, and new citizens."

MASSPIRG Education Fund executive director Janet Domenitz agreed. "For more than 40 years, MASSPIRG has been campaigning to make democracy more transparent and more accessible—particularly for our youth, in whose hands the future lies. Early voting is one tool that helps us realize that goal."

The Coalition plans to monitor the early voting process and will make recommendations on improving it for future elections.

The Election Modernization Coalition is made up of the American Civil Liberties Union of Massachusetts, Common Cause Massachusetts, the Lawyers' Committee for Civil Rights and Economic Justice, the League of Women Voters of Massachusetts, the Massachusetts Public Interest Research Group, MassVOTE, and more.
