Diane Metcalf town resident on call tonight. Discussed condition of Tot lot and status. She is concerned that there is only one sling and one slide available for families. She was wondering if the old NES playground equipment can be merged, and pieces moved over to make Tot lot more usable. She wanted to investigate grants, corporate sponsors and forming a committee of volunteer residents to find funding to improve Tot Lot. She mentioned having residents in the neighborhood taking turns mowing the lawn at tot lot. She was informed that we have slide and swing on order and awaiting delivery from Little Tikes. Also unsure status of old NES and what town will do with the property and playground equipment.
